

It is almost here! The biggest crafting time of the year for NLCA, **September, October November and December.**

NLCA

We love art, crafts, science and sensory... especially during **FALL and WINTER.**

Please check your craft rooms and artsy stash for any items you'd like to discard or donate to NLCA for our upcoming projects.

We can use any of the following items: *ribbon, glitter, tissue paper, stickers, sequins, floral items (leaves, flowers, etc.); tape, food coloring, wiggle eyes, glitter glue, sponges, pom-poms, lace, string, fabric scraps. dried beans, dried peas, rice, vinegar, dried corn, salt, funnels, colanders, anything to use for dipping and scooping and pouring.*

Anything you want to throw away from your stash, we will gladly and thankfully accept and use!

Thank You!
